Meriplex Communications, LTD Achieves Cisco Gold Certification in the U.S.

(Houston, TX) – May 11, 2016 – Meriplex Communications, LTD announced today it renewed the Cisco® [Gold Certification](#). To earn Gold Certification, Meriplex had to meet rigorous standards set forth by Cisco in networking competency, service, support and customer satisfaction.

“Meriplex appreciates our strong relationship with Cisco, growing and evolving our service delivery to meet not only Cisco’s Gold Partner Standards, but also our customer’s business needs,” said Meriplex President David Henley. “Maintaining our Cisco certifications allows our customers to be confident in our competency and commitment to effectively implement our global network with Cisco powered hybrid cloud solutions.”

The [Cisco® Channel Partner Program](#) provides a framework for partners to build the sales, technical and Cisco Lifecycle Services skills required to deliver Cisco solutions to end customers. Through the program's specializations and certifications, Cisco recognizes a partner's expertise in deploying solutions based on Cisco advanced technologies and services. Using a third-party audit process, the program validates a partner’s technology skills, business practices, customer satisfaction, presales and post-sales support capabilities, and other critical factors that customers consider when choosing a trusted partner.

As a Cisco Gold Certified Partner, Meriplex has met the requirements for attaining the broadest range of expertise across multiple technologies by achieving Cisco advanced specializations in the **four following areas**: enterprise networks architecture, security architecture, collaboration architecture, and data center architecture. In addition, Meriplex has integrated Cisco Hybrid IT, the resale of cloud and managed services, into

its offerings and is required to ensure high customer satisfaction in collaboration with Cisco. Cisco Gold Certification provides Meriplex with access to comprehensive sales, technical, and lifecycle services training and support available from Cisco.

About Meriplex Communications, LTD.

Meriplex Communications is an enhanced service provider specializing in communication and IT solutions for the enterprise market. Founded in 2001, Meriplex built upon its extensive experience to design and implement revolutionary data and VoIP services. Through acquisitions and strategic hiring, Meriplex evolved its services to provide global infrastructure and hybrid cloud solutions in response to our customer's business needs. With company headquarters in Houston, Texas, Meriplex proudly provides some of the largest Fortune 500 and 1000 companies with the following services:

- Innovative Hybrid Cloud Solutions
- Global MPLS and Nation-Wide SIP Services
- Total Care SaaS –IT Systems Management as a Service
- Infrastructure and IT Managed Services 24x7x365
- Cisco Gold, Masters, and Powered Services Certified Partner Solutions
- Panduit-Certified Structured Cabling

Meriplex embraces a profound culture that demands quality, excellence, and reliable cost effective solutions for our clients. Confident in the knowledge that people buy from people, not companies, Meriplex focuses every day on customers' business requirements. Our success can be directly attributed to our complete attention to customer service and satisfaction.
